With more than a decade of experience in the industry we have the privilege to work closely together with some of the world's leading producers, distilleries, wineries, distributors and brand owners. We have over 400 SKUs in our portfolio from many exclusive world-renowned brand partners coming from all around the world, including France, Italy, Spain, England, Scotland, Sweden, Germany, Australia, New Zealand, USA, Mexico, Chile, Argentina, Venezuela and many others.

It is our main focus to bring all of our partners' products to Indonesia and expose them to our ever-growing clientele list, from five stars hotels, fine dining restaurants, wine bars, lounges, retail stores, corporates to our exclusive private customers. Our vastly diversified portfolio enables us to accommodate and satisfy all of our clientele's needs for every occasion. From a game night cold beer to a formal Bordeaux wine dinner, from a relax glass of Chardonnay to the life of the party Champagne and Vodka or a wild night of Tequila or maybe simply enjoying a glass of single malt whisky with cigar.

Our professional, experienced, talented, dedicated and highly trained team along with our strong logistic infrastructures in addition to our temperature-controlled warehouses ensure the quality of our products and guarantee our high customer satisfaction.

We have conducted, hosted and sponsored many big events as part of our marketing campaign. In 2017, we launched one of our most successful #ItsAWineWineWorld campaign working hand in hand with many Celebrities, Social Media influencers, Event Planners, Food Experts and Mixologists.

Each year we participate in the biggest Food and Beverages Exhibition in Indonesia inviting all of our partners showcasing their portfolios.
